Dear Oncofertility Consortium Colleagues,

In this Quarterly Newsletter June 2022, we would like to share with you the following news and featured projects:

1. **The 14th Annual Conference of Oncofertility Consortium, May 2-4, 2022**
   - In just a few weeks, all recorded sessions will be accessible online for registrants. For more info about the conference, please explore the following links:
     - View Agenda
     - Meet the Speakers
     - Download Conference Booklet as PDF

2. **Introduction to Oncofertility: A New Online Course 2022**
   - This new online course will provide participants with an exciting learning curve in the emerging field of oncofertility. The course will introduce the basics of oncofertility research & practice and help participants take their first steps in career. Stay tuned for more details coming soon!! ([Watch Prof Teresa Woodruff's video](#))

3. **New Design for Oncofertility Consortium Website is coming soon!**
   - The new website design provides excellent and fast navigation on all modern devices including PCs, laptops, tablets & cell phones. This will help us reach all patients, healthcare providers and scholars around the globe more effectively and efficiently.
4. **New Oncofertility Textbook**
   - Over the past 15 years, the Oncofertility Consortium has published 7 textbooks discussing all aspects of oncofertility research and medical practice. A new oncofertility textbook is coming soon. Stay tuned!! [Explore previous textbooks](#)

5. **Watch Practice Committee Breakout Session 2022:**
   - [Fertility preservation in women with endometrial cancer](#) - Dr. Mindy Christianson, Johns Hopkins University, USA.
   - [Fertility preservation: Approach to the complex patient](#) - Dr. Suneeta Senapati, University of Pennsylvania, USA.
   - [KPIs & credentialing in oncofertility practice](#) - Dr. Yasmin Jayasinghe, University of Melbourne, Australia.
   - [Fertility care for transgender and nonbinary patients](#) - Dr. Molly Moravek, University of Michigan, USA.

6. **Principles of Fertility Preservation for Reproductive Health Providers**
   - The Oncofertility Consortium and The American Society for Reproductive Medicine (ASRM) have partnered to establish this online certificate course covering principles of fertility preservation for reproductive health professionals. The estimated time to complete this course is 6 hours. [Participate now!!](#)

7. **Ongoing Oncofertility Surveys. Please Participate!**
   - [Oncofertility Registries Around The Globe](#)
   - [Attitudes of Oncofertility Care Providers Towards Oncofertility Decision Making](#)
   - [Gonadal tissue cryopreservation for patients with Differences of Sex Development. (Survey Consent)](#)
8. **New Oncofertility Publications 2022**

- **New Publications from Oncofertility Consortium Network and Global Community 2022.** We urge authors from our network to include "Oncofertility" in the keywords of their publications to be easily identified in our records on PubMed.
- **Article Collection on Pediatric Oncofertility 2022 (Frontiers in Endocrinology & Pediatrics).**

Thank you so much for your continued support and partnership!
We will keep in touch!

Sincerely,

Oncofertility Consortium
