**A View from the past into our collective future: the oncofertility consortium vision statement**

**Vision Statement:** The vision of the Oncofertility Consortium (OC) is for all patients facing loss of fertility due to medical conditions and/or gonadotoxic therapies to have access to oncofertility options and services.

**Mission Statement:** The mission of the Oncofertility Consortium is to convene the field to enable the essential conversations necessary to drive oncofertility research, clinical practice, and patient options forward.

**Value Statement:** The Oncofertility Consortium values collegiality, multidisciplinary collaboration, inclusiveness, innovation, and altruism. All of its values are ultimately driven by patient-centeredness.

14 Scientific Committees
100+ Oncofertility Experts from USA & Abroad
Scientific Committees

Each Scientific Committee should:
- Aim to achieve OC Vision 2030
- Act as a round table discussion group of Experts
- Meet online every 3 months (Mar, Jun, Sep, Dec)
- Have up to 12 Experts (USA/Abroad: 50/50)
- Formulate a 2-Year Action Plan 2022-2023
- Present their plan at the OC Annual Conference
- Produce webinar, podcast, paper, book chapter, ...
- Cooperate with other scientific committees

OC will provide the necessary administrative and IT support for each committee.
