

**2025 ONCOFERTILITY CONSORTIUM CONFERENCE**  
**October 13-15, 2025**

**The Westin Book Cadillac | Detroit, MI, USA**

Hosted by

# WELCOME TO THE 2025 ONCOFERTILITY CONSORTIUM CONFERENCE

Dear Conference Attendees,

On behalf of the Oncofertility Consortium, we are thrilled to extend a warm welcome to all of you for the 17th Annual Conference, titled "Bridging Cancer Care and Parenthood: Innovations for Healthy Live Births in Oncofertility." Thank you to Henry Ford Health + Michigan State University Health Sciences for graciously hosting this conference at the Westin Book Cadillac Hotel. Thank you also to Dr. Richard Leach, chair of Women's Health Services, for his support of this year's Oncofertility Consortium conference. Last year's conference in Detroit was a tremendous success, and we look forward to reuniting with you all.

In times of extraordinary change within reproductive healthcare and academia, we are excited to reunite as a community. This year, as with all years, we find clarity in focusing on improving the experience of our patients. We are thrilled to add a significant component of patient perspective this year, thanks to the generosity and planning of Megan and Mike Scherer at Worth the Wait Charity. We wish to extend tremendous thanks to our courageous patients who will share their oncofertility stories at the conference. This year's conference will feature an exceptional lineup of speakers, including many of the foremost leaders in our field. The planning team reviewed the topics discussed in years past and identified some key areas of interest to discuss this year, including: guideline updates, legal challenges, reproductive ethics, cancer genetics, and optimization of pregnancy outcomes. The fresh perspectives at this year's conference will contribute greatly to the overall success of the event and we look forward to the dialogue that ensues.

We would like to express our deepest gratitude to the dedicated scientific program committee (Frédéric Amant, Shu Foong, Kathleen Hwang, Anthony Kayiira, Dana Kimelman, Rod Mitchell, Megan Scherer, Kyle Stimpert, Irene Su, Susan Vadaparampil and Denis Vaughan) whose efforts have made this conference possible, from the selection of speakers to reviewing the excellent abstract submissions. We are also eternally grateful to the team behind the scenes from Michigan State University (Jenna French, Mahmoud Salama, Sakiya Duncan, Amanda Ishola) and Henry Ford (Suzanne Schut, Tina Miller, Mark Jones). Their commitment to excellence and attention to detail have ensured that every aspect of the event has been meticulously organized and helped ensure that CME credits could be offered this year to participants. Thank you also to the individual committee leaders who provided input and expertise throughout our planning. We would also like to extend our heartfelt appreciation to our event sponsors. Their generous support has played a crucial role in making this conference a reality. Their commitment to advancing the field of Oncofertility and their belief in the importance of collaborative research and knowledge sharing are truly commendable.

Lastly, thanks most of all to you for coming to this conference. We know that the past year has been one of great upheaval for many of us. We hope that you find nourishment in all that Detroit, and its current renaissance has to offer. If good food fuels your soul, many award-winning restaurants are within walking distance. If you love music, you'll feel at home at the Motown Museum. If art revives you, visit the Detroit Institute of Arts. If you are a fan of history, look no further. The Cadillac Hotel has hosted the likes of Teddy Roosevelt, FDR, JFK, Martin Luther King Jr. Katherine Hepburn, Elvis Presley, and Babe Ruth. On May 2nd, 1939, Lou Gehrig, of the visiting New York Yankees, collapsed on the steps of the hotel's grand staircase, the first public sign of his eventual diagnosis of ALS or "Lou Gehrig's Disease." Two months later, Mr. Gehrig, uplifted by the support of his own community, courageously announced that he felt like "the luckiest man on the face of the earth," despite facing terminal illness. In times of trouble, we all turn to one another to feel hopeful. As you absorb the local history, you'll appreciate that the spirit of Detroit remains a source of light for many. We hope you leave the conference feeling uplifted and ready to positively affect the future.

Thank you so much for joining us,

Joe Letourneau, MD  
Assistant Clinical Professor  
Department of OBGYN  
Division of Reproductive Endocrinology and Infertility  
Co-Director, University of Utah Oncofertility Program

Leslie C. Appiah, MD, FACOG  
Professor of Obstetrics and Gynecology  
Chair, Department of Obstetrics and Gynecology  
Executive Director, Center for Women's Health Research  
Meharry Medical College

# 2025 ONCOFERTILITY CONSORTIUM CONFERENCE

## AGENDA OVERVIEW

| Time EDT           | Day 1<br>Mon., Oct. 13, 2025                           |                                | Day 2<br>Tue., Oct. 14, 2025  | Day 3<br>Wed., Oct. 15, 2025      |
|--------------------|--------------------------------------------------------|--------------------------------|-------------------------------|-----------------------------------|
| 7:00 am – 8:00 am  | REGISTRATION & BREAKFAST                               |                                | REGISTRATION & BREAKFAST      | REGISTRATION & BREAKFAST          |
| 8:00 am – 12:00 pm | Oncofertility Scientific Committees Meetings (Non-CME) | Oncofertility 101 Course (CME) | Main Program (CME)            | Main Program (CME)                |
| 12:00 pm – 1:00 pm | LUNCH                                                  |                                | LUNCH                         | CONFERENCE ADJOURNS AT 12:15 P.M. |
| 1:00 pm – 5:00 pm  | Main Program (CME)                                     |                                | Main Program (CME)            |                                   |
| 5:00 pm – 6:15 pm  | Writing Workshop (CME)                                 |                                | Reception & Posters (Non-CME) |                                   |
| 6:15 pm – 7:00 pm  | DAY CONCLUDES AT 6:15 P.M.                             |                                |                               |                                   |

## CONTINUING MEDICAL EDUCATION CREDIT INFORMATION

The Main Program, Oncofertility 101 Course and Writing Workshop **are eligible for 20.5 CME Credits.**

**ACCREDITATION STATEMENT:** This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint provider ship of Henry Ford Health, MSU Health Sciences, and the Oncofertility Consortium. Henry Ford Health is accredited by the ACCME to provide continuing medical education for physicians.

**DESIGNATION STATEMENT:** Henry Ford Health designates this live course for a maximum of 20.5 AMA PRA Category 1 Credit(s)™. Physicians should only claim the credit commensurate with the extent of their participation in the activity. “Successful completion of this CME activity, which includes participation in the evaluation component, enables the participant to earn:

- up to 20.5 MOC points in the American Board of Internal Medicine’s (ABIM) Maintenance of Certification (MOC) program; and
- up to 20.5 credit toward the CME requirement(s) of the American Board of Surgery’s (ABS) Continuous Certification program.

It is the CME activity provider’s responsibility to submit participant completion information to ACCME for the purpose of granting ABIM or ABS MOC credit. There is a 30-day post-event evaluation completion deadline to receive your CME/MOC credits.” After completing the evaluation click the Claim MOC button to finalize the submission & then ensure your CloudCME profile reflects the following required details so we can correctly transmit your credits:

- Click Yes to Claiming MOC & enter your Birth Month & Birth Day
- Then select the MOC Board & Enter your Diplomate ID (for ABIM) or Learner ID (for ABS)
- Enter your License & NPI # (if applicable)
- You must have the option selected at the bottom of your profile to provide permission for us to share & transmit your CME/MOC data to ACCME

**FACULTY/PLANNING COMMITTEE DISCLOSURE STATEMENT:** In compliance with the ACCME Standards for Integrity, all individuals in control of educational content of this activity are required to disclose all financial interests of their own with any ACCME defined ineligible companies for the past 24 months and/or non-FDA approved use of a drug or a device that is included in the presentation. All relevant financial relationships have been mitigated prior to the commencement of the activity.

**ACCESSIBILITY STATEMENT:** Henry Ford Health provides qualified interpreters and other aids for Deaf, DeafBlind, and Hard-of-Hearing persons at no cost. To request assistance, contact the CME Specialist: Tina Miller at [cmille26@hfhs.org](mailto:cmille26@hfhs.org). Please allow a minimum of 3 days to process this request.

| 8:00 am – 12:00 pm               | Morning Session Option A: Oncofertility Scientific Committees Meetings (Non-CME)<br>Location: Founders A & B Rooms                  |                                                           |
|                                  | <b>Founders Room A</b>                                                                                                              |                                                           |
| 8:00 am – 10:00 am               | Patient Navigation                                                                                                                  |                                                           |
| 10:00 am – 12:00 pm              | Pediatric & Adolescent Committee (PAC)                                                                                              |                                                           |
|                                  | <b>Founders Room B</b>                                                                                                              |                                                           |
| 8:00 am – 8:30 am                | Basic Science                                                                                                                       |                                                           |
| 8:30 am – 10:00 am               | Female, Surgery & Practice Committees                                                                                               |                                                           |
| 8:00 am – 12:00 pm               | Morning Session Option B: Oncofertility 101 Course (CME)<br>Location: Woodward Ballroom & Zoom<br>Moderator: Kyle Stimpert (USA)    |                                                           |
| 8:00 am – 8:10 am                | Introduction to Oncofertility                                                                                                       | Speaker: Kyle Stimpert (USA)                              |
| 8:10 am – 8:40 am                | Impact of Gonadotoxic Therapy                                                                                                       | Speaker: Mindy Christianson (USA)                         |
| 8:40 am – 9:10 am                | Female Fertility Preservation                                                                                                       | Speaker: MaryEllen Pavone (USA)                           |
| 9:10 am – 9:40 am                | Male Fertility Preservation                                                                                                         | Speaker: Catherine Nam (USA)                              |
| 9:40 am – 10:10 am               | Pediatric Fertility Preservation                                                                                                    | Speaker: Tyler Ketterl (USA)                              |
| 10:10 am - 10:20 am              | BREAK (Woodward Pre-Function)                                                                                                       |                                                           |
| 10:20 am – 11:00 am              | Partnering with Patients and Families: Communication Strategies in Oncofertility Care                                               | Speaker: Susan Vadaparampil (USA) and Aaron Albanez (USA) |
| 11:00 am – 12:00 pm              | Sexual Health and Contraception in the AYA Population                                                                               | Speaker: AnnaMaria Maples (USA)                           |
| 12:00 pm – 12:45 pm              | LUNCH (Venetian Ballroom)                                                                                                           |                                                           |
| 12:45 pm – 6:15 pm               | Afternoon Sessions: Current Topics in Fertility Preservation (CME)<br>Location: Woodward Ballroom<br>Moderator: Denis Vaughan (USA) |                                                           |
| 12:45 pm – 1:00 pm               | Welcome Message and Overview of Objectives by Conference Co-Chairs                                                                  | Speakers: Joe Letourneau (USA) Kristin Smith (USA)        |
| 1:00 pm – 2:15 pm                | Genetic Testing in Oncofertility Panel                                                                                              |                                                           |
|                                  | Cancer Risk and Family-Building: Patient Stories                                                                                    | Speakers: Allison Close/Emily Aldrich (USA)               |
|                                  | Cancer Risk Genes Among Oncofertility Patients                                                                                      | Speaker: Jennie Vagher (USA)                              |
|                                  | Pre-Implantation Genetic Testing of Embryos for Oncofertility Patients: Unique Considerations                                       | Speaker: Rawan Awwad (USA)                                |
| 2:15 pm - 2:30 pm                | BREAK (Woodward Pre-Function)                                                                                                       |                                                           |

The agenda for the first day of the conference continues on the following page.

## Day 1 | Continued...

|                    |                                                                                                                                                                      |                                                               |
|--------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------|
| 12:45 pm – 6:15 pm | <b>Afternoon Sessions: Current Topics in Fertility Preservation (CME)</b><br>Location: Woodward Ballroom<br>Moderator: Denis Vaughan (USA)                           |                                                               |
| 2:30 pm – 3:30 pm  | <b>Oral Abstract Presentations and Awards</b>                                                                                                                        | Moderator: Olivia Jaworek Frias (USA)                         |
|                    | Fertility-focused Discussions within the Reddit Cancer Community                                                                                                     | Speaker: Brooke Cherven (Emory University, USA)               |
|                    | Electroejaculation and Testicular Sperm Extraction in Challenging Clinical Scenarios for Fertility Preservation in Pediatric Patients Undergoing Gonadotoxic Therapy | Speaker: Amanda Saraf (Indiana University, USA)               |
|                    | Cryopreservation of Oocytes is a Viable Option in Adolescent Cancer Patients Already Exposed to Chemotherapy.                                                        | Speaker: Kari Bjornard (University of Tennessee, USA)         |
|                    | Inhibition of Oogenic JNK Prevents Chemotherapy-Induced Premature Ovarian Insufficiency and Infertility in Mice                                                      | Speaker: Yingnan Bo (Rutgers University, USA)                 |
| 3:30 pm – 3:52 pm  | <b>Fertility Considerations in Transgender Patients</b>                                                                                                              | Speaker: Megan Mcnamara (USA)                                 |
| 3:53 pm – 4:15 pm  | <b>Fertility Preservation in Unique Populations</b>                                                                                                                  | Speaker: Amanda Adeleye (USA)                                 |
| 4:15 pm – 5:00 pm  | <b>2025 Legal Updates in Fertility Preservation Care: Navigating This Year's Legal Issues and Executive Orders</b>                                                   | Speaker: Jessie Hill (USA)                                    |
| 5:00 pm – 6:15 pm  | <b>Oncofertility Writing Workshop</b>                                                                                                                                | Moderator: Megan Scherer (USA)<br>Speaker: Kristin Lenz (USA) |

## Day 2 | Wednesday, October 14, 2025

|                     |                                                                                                                                   |                                                                                                                   |

# Program Committee

**Dr. Anthony Kayiira**

Reproductive Embryologist  
IVF Laboratory Director  
Department of Reproductive  
Endocrinology and Infertility  
Mulago Specialised Women and  
Neonatal Hospital  
Kampala, Uganda

**Dana Kimelman, MD, MS-RSM, OBGYN**

Responsible for the Oncofertility division  
at Centro Hospitalario Pereira Rossell and  
British Hospital of Montevideo

**Denis A. Vaughan MD, MRCPI, FACO**

Director of Business Operations  
Co-Founder Terra Fertility  
Assistant Professor,  
Harvard Medical School

**Frédéric Amant, MD, PhD**

Professor Gynecologic Oncology at KU  
Leuven and University of Amsterdam  
Specialist and Head research unit in  
UZ Leuven  
Head research unit in Netherlands  
Cancer Institute  
ESGO council

**H. Irene Su, MD MSCE**

Professor of Obstetrics, Gynecology  
and Reproductive Sciences  
University of California, San Diego

**Joseph Letourneau, MD**

Assistant Clinical Professor  
Department of OBGYN  
Division of Reproductive Endocrinology  
and Infertility  
Co-Director, University of Utah  
Oncofertility Program

**Kathleen Hwang, MD**

Professor of Surgery/Urology  
Director of Men's health  
University of Pennsylvania

**Kyle Stimpert, MSN, RN, ACNP**

VA Northeast Ohio Healthcare System  
University Hospitals Seidman  
Cancer Center

**Leslie C. Appiah, MD, FACOG**

Professor of Obstetrics and Gynecology  
Chair, Department of Obstetrics and  
Gynecology  
Executive Director, Center for Women's  
Health Research  
Meharry Medical College

**Megan Scherer**

Executive Director  
Worth the Wait

**Rod Mitchell, MBChB, BSc, PhD,  
MRCPCH**

Professor of Developmental  
Endocrinology & Consultant Paediatric  
Endocrinologist  
The University of Edinburgh & Royal  
Hospital for Children and Young People

**Shu C. Foong, MD, FRCSC**

Medical Director  
Regional Fertility Program

Section Head  
Clinical Assistant Professor  
Reproductive Endocrinology & Infertility  
Department of Obstetrics & Gynecology  
Alberta Health Services and University  
of Calgary

**Susan T. Vadaparampil, PhD MPH**

Associate Center Director for  
Community Outreach & Engagement  
Professor, Department of Health  
Outcomes and Behavior  
Moffitt Cancer Center
